Ms. Besley,

Please see below response for Upward Endeavors reasons for the request to amend its tariff. I have also attached the response in Word format.

March 29, 2022

To Whom it May Concern,

Upward Endeavors, LLC dba Two Men and a Truck Greenville is requesting to amend its tariff. We are requesting changes to the current tariff to keep our company in line with increasing costs in areas to include but not limited to supplies (moving equipment, boxes, shrink wrap, etc), drastically increasing fuel prices, increased truck prices for new or used equipment, increased labor costs, and increased costs of insurance and workers compensation coverage.

Along with the increases in expenses have come decreases in the availability of trucks, moving supplies, and workforce. With these decreases we have had to keep trucks and equipment longer than budgeted increasing our repair costs, shortage of labor has forced higher pay rates, more incentives, and increased recruiting and retention expenses.

We feel the amendments to our tariff will not only help Upward Endeavors serve our customers properly and to their satisfaction, but will also enable us to create a better and longer lasting work environment for our employees.

Sincerely,

Bryan Feldman  
Member Upward Endeavors, LLC

Please let me know if you need anything else.
